

The bi-annual Haiti Humanitarian Response Plan (HRP) for 2017-2018 was launched in January 2017 with a budget of **\$291.5 million** for projects in 2017. The budget was revised to **\$192.2 million** in September 2017 to focus on actions that were still feasible in the last quarter of 2017. Subsequently, the HRP itself was revised in January 2018 with due consideration given to the evolution of the humanitarian situation in Haiti in 2017. The humanitarian community, in support of

the efforts of the Haitian government, aims to reach **2.2 million** out of the estimated **2.8 million** people in need in 2018. The response plan requires **US \$252.2 million** in 2018 to achieve this goal.

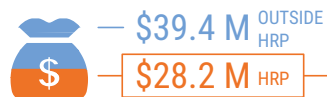

To date, **US \$28.2 million** has been received and in addition to these contributions is a sum of **US \$39. million** for activities outside the HRP.
