Discussed

**ToT -Way Forward:** The Network informed the members of the 36 fully trained trainers on PSEA. The Network pointed out that just a few international staff attended the training and asked members to think about increased international participation. Members suggested to discuss this with the HoSOG and the NGO Platform Coordinator as well. The Network discussed the need for delivering the same training throughout the response and to that effect, there will also be a Bangla version, to be finalized soon. A “simplified language” Rohingya version is under way as well for training the Rohingya volunteers on PSEA. Members were explained the process of translating the material for training Rohingya volunteers as involving translation from the approved English version to simplified English first and do a simplified Bangla version of that and finally translating it in the Rohingya language. The Network asked members to forward staff for half-a-day workshop for the training of Rohingya volunteers and discussed about making complementary audio files for the training of the volunteers. The discussion remains open for the members to comment on how to train them in the best possible way. The Network discussed with the members on preparing a PSEA Training Calendar for the training of staff and others involved with their agencies. The Network will circulate a matrix to be filled out by the members mentioning tentative dates of the scheduled PSEA trainings covering all that are involved.

**Humanitarian Workers’ KAP Survey:** The Network informed that the questionnaire for the humanitarian workers’ KAP Survey will be uploaded on KOBO and that the Network wishes to start as soon as possible with the surveys in English. The Network discussed with its members the methodology of the survey - which conditions the need for physical presence of the facilitator, the yes/no type pattern of questions to minimize prompt from facilitators, need of facilitators not knowing the interviewee etc. - to measure the understanding of PSEA principles by humanitarian workers. The Network asked for members’ contribution in conducting the survey whereupon Oxfam, WFP, Caritas, AAB, IOM, UNFPA, the Network and ADRA opted.

**SWOT FGDs:** The Network asked its members to nominate facilitators for FGD tools training to take place on July 1st along with their contact details.

**Actions:**

- The Network will circulate, by July 4, a matrix for the members to fill out by nominating trainers for training Rohingya volunteers on PSEA.
- The Network will circulate a template for members to fill out their plans for conducting PSEA training of their staff by July 4.
- The Network Coordinator will discuss with HoSOG and NGO Platform for the Team Leaders to participate in the PSEA-ToT.
- The Bangla Translation Taskforce (BTT) will complete reviewing TWB-translated-materials by July 4.

*Next PSEA Network Meeting will be on July 10, 2019 at UNICEF conference room 4*

Thank you for supporting PSEA in Cox’s Bazar
