- **Food Security**: Reduction of food intake, negative coping strategies, depletion of stocks.
- **Nutrition**: Deterioration of nutritional status of vulnerable groups, particularly of children under two.
- **Health**: High risk of mortality among vulnerable groups due to food insecurity, particularly of children under five. 1/3 of the population is in need of basic health care. 94% of health centres in northern Mali are not operational. Take in charge of the Cholera response.
- **Protection**: Major population displacements; urgent assistance and protection needs of the most vulnerable and returnees in conflict affected areas. Over 90% of IDPs are living in host families with a majority depending entirely on their food stocks. Reports on sexual violence, family separations and child recruitment. Up to 60,000 children in need of protection.
- **WASH**: High pressure on traditional water wells, breakdown of improved water points, poor hygiene and sanitation conditions, increase of diarrhoea and malaria cases. Take in charge the Cholera response.
- **Education**: 500,000 children at risk of abandoning school due to the food and nutrition crisis. 100,000 children affected by the conflict are at risk of losing one school year.
- **Emergency Telecoms Clusters**: Reliable internet and security telecommunications services to provide information sharing and support safety and security of humanitarian staff in common operational areas.
- **Logistics**: Avoid disruption of the supply chain, maximization of storage space, coordination for assistance in the North.

**Strategic Priorities**

1. Reduce mortality, morbidity and vulnerability of individuals and communities affected by the food and nutrition crisis.
2. Improve living conditions and protection of people and communities affected by the conflict.
3. Contribute to strengthening and preserving the livelihoods and resilience of people and communities affected by the complex humanitarian crisis.
4. Reinforce the humanitarian space and strengthening impartial and adequate humanitarian preparation and response respecting Humanitarian Principles.
