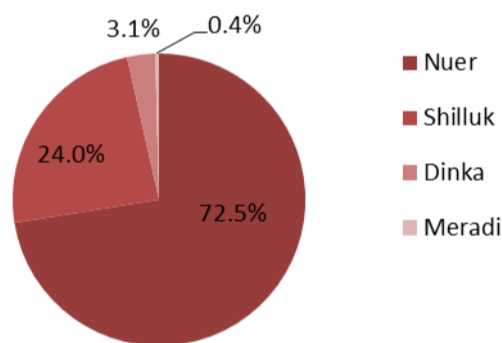

Map 1

Survey Methodology

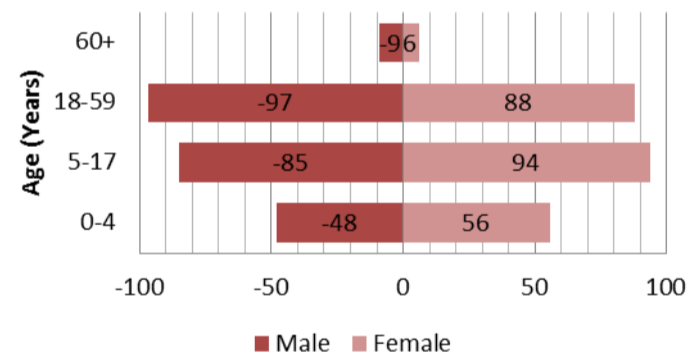

Findings are based on primary data collected by DRC on the 4th and 7th of March 2016 through an intention survey conducted in the Melut PoC site.

The exercise specifically targeted 110 heads of household, covering 100% of the households residing inside the PoC site at the time of the survey.

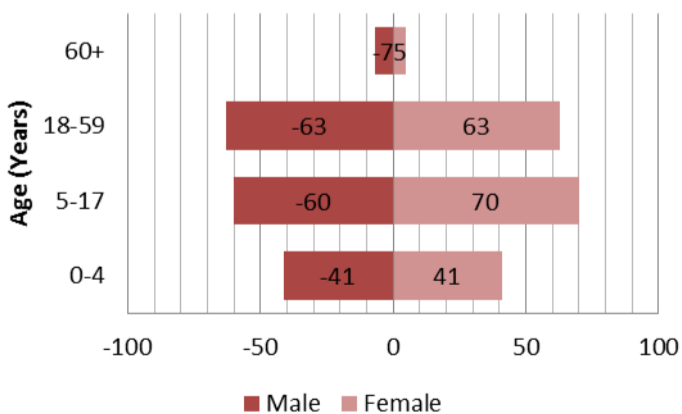

Ethnic background of the respondents

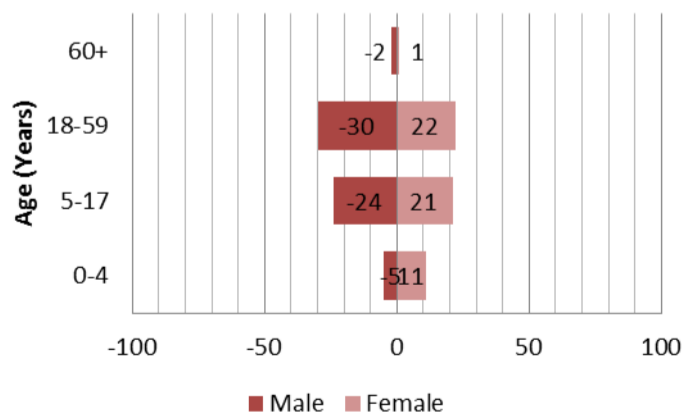

Overall population breakdown

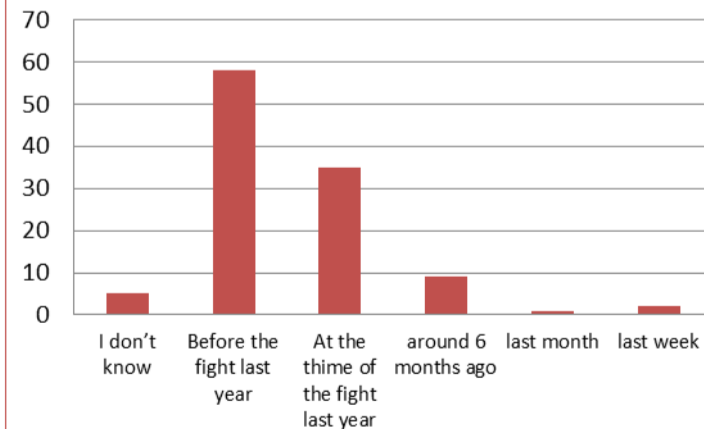

Nuer

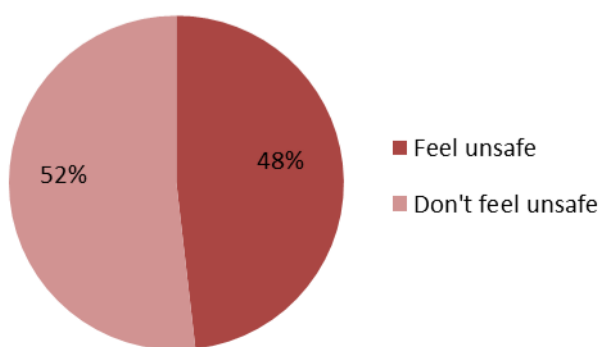

Shilluk

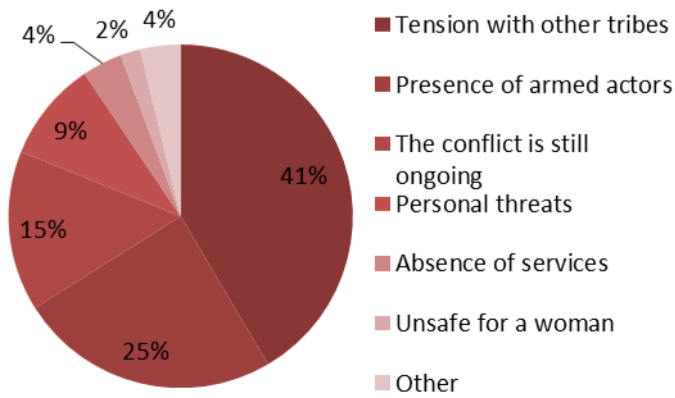

Date of arrival in the PoC

Do you or any of your family members feel unsafe moving outside the PoC?

Unsafety - Reasons

Movement outside of PoC
