Assessment Information

Hello, My name is (). I work for the Needs and Population Monitoring Unit for the International Organization for Migration. We conduct assessments of the number, location and needs of Rohingya refugees in Cox’s Bazar. We share this information with other organizations who are working to provide assistance to the population, but we do not share your personal details publicly. In exceptional circumstances if an organization that can assist wishes to get in contact with you, we will share your details only with that organization. You have the right to refuse to participate in this assessment. Your participation or non-participation in the assessment has no impact on the assistance you will receive. Do you agree to participate in this assessment?

☐ OK

We are doing NPM round 8. Have you been interviewed by IOM in the past two weeks?

☐ Yes
☐ No
