<b>Please specify your data request below:</b>			
	<b>Dataset</b>	<b>Extent</b>	<b>Type</b>
<input type="checkbox"/>	Flood– Hydrodynamic modelling	Kutupalong Mega camp	raster file
<input type="checkbox"/>	Flood – Standing Water Extent	Most of Cox's Bazar District	shapefile
<input type="checkbox"/>	Landslide – Susceptibility 0.5m DEM resolution	Kutupalong Mega camp	raster file
<input type="checkbox"/>	Landslide- Susceptibility 10m DEM resoluion	Most of Cox's Bazar District	raster file
<input type="checkbox"/>	Storm Surge – Maximum Extent	Most of Cox's Bazar District	shapefile
<b>Please specify the need and intended use of this data in your organisation:</b>			
<input type="checkbox"/>	I am aware of use and limitations of these products. I understand they are NOT designed as a stand-alone tool for detailed site planning decisions but need to be combined with specific on-site evaluation and appropriate technical expertise. I am aware that these products are part of the <i>Summary report (status 10.06.2019)</i> produced by the Natural Hazards and Risk Analysis Taskforce.		
<input type="checkbox"/>	I will keep ISCG Information Management Unit informed about any new products derived from this data.
