**Type of Location**  
**IS Informal Settlement** Also called *spontaneous settlements* or *self-established camps*. They are a group of tented or other types of housing units established by the IDPs themselves or by non experienced actors, constructed on land that the occupants have no legal claim to.  
**PC Planned Camp** The structures that are established by an accountable humanitarian actor and to the extent possible, they meet the minimum SPHERE standards.  
**CC Collective Center** Other types of settlements, i.e. public buildings, schools, private collective building, i.e. factories that are inhabited by the IDPs.  
**TC Transit Camp** The camps that were established for a short period of time and no longer exist. This definition does not correspond to the internationally agreed standards per se, the CCCM give definition to these camps that existed for a short time and then disappeared as the IDP moved out.  
~~Strikethrough sites~~ are either no longer exist or inhabited by no IDPs.
