OCHA
Baghdad Governorate profile and monthly humanitarian response

As of 20 May 2019

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance. The data for this infographic has a limited number of sources. The data has not been independently verified and is subject to error or omission, deliberate or otherwise by the various sources. This infographic is strictly intended to inform humanitarian strategic and operational planning and humanitarian response.

1. People in need is the overall target population for the 2019 HRP.
2. People reached is calculated based on the highest number reached by a cluster achieving highest reach per governorate.
3. Reporting clusters are the highest of all clusters and is considered as the overall target population for the 2019 HRP.
4. Unfinished buildings, informal shelters, schools and religious buildings.

IDPs by type of shelter

- Camp
- Host families
- Other shelter types
- Rented houses

Reporting partners by type

- UN
- INGO
- NNGO

Timelines of displacement and returns

Internal displaced people (millions)

- 2014: 0.13
- 2015: 0.31
- 2016: 0.48
- 2017: 0.54
- 2018: 0.60
- 2019: 0.60

Returnees (millions)

- 2014: 0.16
- 2015: 0.44
- 2016: 0.54
- 2017: 0.60
