Damage Needs Overview- Fire Incident in Informal Settlement in Rupnagar

Needs Assessment Working Group- Bangladesh

Initiatives by Non-Government Organization

- Community Urban volunteer team of SEEP has worked to relocation of assets and rescue of people during the fire.
- BRAC and ARBAN has establish health camp for primary treatment
- SEEP team working closely with Member of Parliament of Dhaka 16 constituency, local councilor of ward 6 and ward 7 to coordinate the community level interventions.
- Start Fund Bangladesh members are continuing exploring the potentiality for alert raising and rapid response to the affected community.

Lesson Learnt from previous disaster

- From the previous experience of urban slum response about 97% affected community can be reached as people move to other places.
- Urgent NFI support like utensil set and mosquito nets appears as effective support to reduce the distress of the people.
- Beneficiary selection is always a challenges for this type of incident: Community participation in beneficiary selection can be an effective way to minimize the complexity.
