
- Strong engagement, collaboration and coordination between Disaster Management Committees at all levels and CSOs in addressing Emergency Response and Disaster Risk Reduction (DRR) and Climate Change Adaptation (CCA) activities.

- Created platforms including Disaster Risk Reduction Forum, National Climate Change Network..etc to promote the cross learning and sharing on the best practices and implementation of Disaster Risk Reduction, Emergency Response and Climate Change Adaptation activities in Cambodia.

- Capacity of Disaster Management Committees at sub-national level have been built on Disaster Risk Reduction and Climate Change Adaptation which they can mainstream DRR and CCA into the sub-national development plans and implement it according.

- Developed Policies, guidelines and frameworks to promote Disaster Risk Management in different sectors in Cambodia such as National Strategic Action Plans on Disaster Risk Reduction 2014-2018, Cambodia Climate Change Strategic Plan.

2. Commitment

- Commit for meaningful participations of key relevant stakeholders including CSOs, UN agencies, development partners, disable people, ethnic minority group, children (boys and girls) and women in Disaster Management activities at all levels.

- Commit for prevention of livelihood loses and damages through long-term development investments such as strengthening the irrigation system and capacity building of national and sub-national institutions on disaster mitigation and preparedness.

- Commit for integration of DRR in sectoral plans at all levels—with budget provision of DRR activities

- Commit for the implementation of Disaster Management Law and National Action Plans on Disaster Risk Reduction 2014-2018 of Kingdom of Cambodia

- Commit for Worldwide Initiative on implementing Safe Schools to protect learners and education workers from death, injury and harm in schools, and to strengthen risk reduction and resilience through education.

3. Request/Call

- Commit for the implementation of DRR in sectoral plans at all levels—with budget provision of DRR activities

- Commit for the implementation of Disaster Management Law and National Action Plans on Disaster Risk Reduction 2014-2018 of Kingdom of Cambodia

- Commit for Worldwide Initiative on implementing Safe Schools to protect learners and education workers from death, injury and harm in schools, and to strengthen risk reduction and resilience through education.
• Call for stronger cross-border and regional communication and cooperation to manage trans-boundary disasters (eg cases of Thai floodgates, Laos dams etc)

• Call for funding and technical support of existing Disaster Management mechanisms at all levels in Cambodia.

• Call for funding and technical support for implementing worldwide initiative on Safe Schools to safeguard education sector investments.
