^{j/} Based on the results of the 11th National Convention on Statistics (NCS) paper entitled "Measuring Progress of Philippine Society: What Makes The Poor Happy?" by Romulo A. Virola, Jessamyn O. Encarnacion, Mark C. Pascasio, and Raul A. Clavido, presented last October 5, 2010. The study was conducted among 356 nonrandom respondents from Taguig City, Cavite and Makati City. Among the nonrandom respondents, 149 are women and 207 are men.

^{k/} Happiness index is a measure of happiness, which is combined with conventional economic indicators to come up with a more multi-dimensional measure of the progress of a society.

Notes: ^{t/} Supreme Court of the Philippines ^{s/} Classification of inmates is either adult (18 years old and above) or minor (below 18 years old) while status refers to detained (those who are on trial) or sentenced (those who are already convicted). Data come from Bureau of Jail Management and Penology (BJMP).

^{t/} OTOP reports from Regions 1, 2, 3, 4a, 4b, 5, 6, 9 & 10. ^{v/} Jobs generated sustained is for Region 2, 3, 4b, 5 & 6

^{u/} Output of the NSCB-UNDP project on the Development of a Methodology and Estimation of Gender Development Index (GDI) at the Local Level. The GDI is a measure of human development that is adjusted for disparities between women and men. Patterned after the human development index (HDI) framework, the GDI has the following components: health, education, and income.

^{v/} The NSCB Technical Staff formulated the Gender Equality Ratio (GER) to be able to identify who benefits more from development. The GER is the geometric mean of the ratios of the GHI, GEI, and GII of women over men. A GER with value greater than 1 indicates that women have an advantage over men in terms of development. This is also an output of the NSCB-UNDP project on the "Development of a Methodology and Estimation of Gender Development Index (GDI) at the Local Level."

^{w/} Based on the 2010 ASEAN Statistical Yearbook ^{x/} Adult Literacy Rate refers to 15+ for Brunei Darussalam age 9 and above
