<b>Total</b>	<b>69,950</b>	<b>62,373</b>	<b>10,250</b>	<b>17,827</b>	<b>0</b>	<b>401,000</b>	<b>80,200</b>	9 Organizations	<b>0</b>	<b>40,837</b>		

### Notes:

[i] Approximation based on estimated displacement level

[ii] According to OCHA PEV Contingency Plan 2012-2013

[iii] Based on Shelter/NFI sector 3/4W matrix results (December 2012)

\*Samaritan Purse has only 10,000 tarpaulins hence needs more support for shelter KIT, while UNHCR has allocated 250 tents and 300 Kitchen Sets stored in Nairobi

\*\*\*\* Currently UNHCR has allocated 250 tents in Nairobi and 300 kitchen sets which are to be moved to areas which require a lot of attention.

+++ KRC is planning to add more NFI as indicated in the "in pipeline" and also an additional 22956 NFI's to be placed in their logistics center. See sheet KRC for more information

DRC too is planning to procure 1000 NFI kits from the 13th March once their funds have been approved. This will be prepositioned in Eldoret.

-VE indicates exceeding targeted population

Summary	
House Hold	80,200
Existing NFI	<b>17,827</b>
<b>Existing Shelter</b>	<b>10,250</b>
Gaps Shelter	79,100
Gaps NFI	<b>62,373</b>
Pipeline Shelter	0
Pipelined NFI	46,062

### Change in Numbers (in Pipeline) is due to

The changes noted in the matrix pipeline section (from 46062 to 40837 Kits) is due to adjustments made by different agencies as a result of no PEV experienced. CRS reduced the NFI's they had planned to procure from 5225 to 1000, though in case of anything they may respond at a larger scale to the scope of the project; and DRC funding was withheld for the same reason and they will not be procuring any NFI for the time being. KRCs are yet to confirm if they have procured and prepositioned.
