This map highlights the potential impact of flood and landslide on camp facilities. Facilities shown in black underwent either flood or landslide impact. Facilities shown in brown underwent either flood or landslide impact. Facilities shown in red underwent both flood and landslide impact.

Facility locations are subject to the accuracy of mapping platform. Facilities marked in red on the map have had a flood impact and may be considered as unstable in the future. Facilities marked in yellow on the map have had a landslide impact and may be considered as unstable in the future.

The flood areas, prepared by IOM and UNHCR, predate the construction of the Center at the request of UNHCR. These replace an earlier version. HDX here: This map highlights the potential impact of flood and landslide on camp facilities.
