

ELEVATED SEISMIC ACTIVITY – KICK EM’ JENNY

INFORMATION NOTE #1

AS OF 11:00AM ON OCTOBER 4, 2018

NaDMA advises that threat level remains at **YELLOW**

Alert Level	Symptoms	Action by Scientists	Recommended action by Civil Authorities and the Public
YELLOW	Volcano is restless: seismicity and/or fumarolic activity are above the historical level or other unusual activity has been observed or can be expected without warning.	<ul style="list-style-type: none"> Bring monitoring system to full capability. Civil authorities will be alerted and communication system tested. 	<ul style="list-style-type: none"> Intensify public awareness campaigns. An exclusion zone of 1.5km from the summit of the volcano should be enforced for non-essential shipping. Visiting scientists should ensure that the Sauteurs Observatory is manned throughout their visit (at their expense) and that the Observatory can contact their ship at any time. They must also be prepared to leave the exclusion zones immediately upon request.

SITUATION

The University of the West Indies Seismic Research Center (UWI SRC) has reported High levels of seismicity at the Kick em’ Jenny Volcano. Since the episode began during the afternoon of September 30, 2018 quite a number of events have taken place. The largest of these events occurred on Monday morning at 03:24 a.m., 03:35 a.m. and 03:56 a.m. (local time) of magnitudes 3.5, 3.5 and 3.3 respectively.

The National Disaster Management Agency (NaDMA) wishes to inform marine interests and the general public that the threat level remains at **YELLOW** – which means that the **exclusion zone** of **1.5 kilometers** must continue to be observed.

The CDEMA Coordinating Unit will continue to monitor the situation in collaboration with The UWI Seismic Research Centre (SRC), the Grenada National Disaster Management Agency (NaDMA), the national disaster offices of the Participating States in close proximity to the volcano and provide updates to the RRM partners as necessary.

- The public is advised to...
- Monitor radio or television and other official sources of information for progress reports
- Update your personal family preparedness plan and action items according to that plan
- Visit the websites <https://nadma.gd/>, <http://www.uwiseismic.com/> and www.weready.org for additional information.
