| 2  | Updates on displacement trends and figures  
1) Updates on partners’ preparedness activities:  
a. On-going Market Assessments: Qayyarah (CCI), Makhmour, Khabat, Shirqat(MC)  
b. Intervention from the EL&SC Coordinator on how to link our market assessments with livelihoods opportunities  
c. WFP Completed Market Assessments in Salah Al Din Tikrit, Al Dour, Samarah, Balad  
2) On-going Market Assessments: Qayyarah (CCI), Makhmour, Khabat, Shirqat(MC)  
3) Request by OCHA to conduct market assessments in the following villages: Al Makuk, Al Sha’eer, Saidawa, Dewaizat, Khalidiya, Mahana  
   OCHA’s request also included assisting families who remained in their houses in newly retaken villages.  
The discussion tackled targeting, and how these households will be reported on under the current HRP as they are not newly displaced populations, nor host communities.  
   - Questions on access in the newly retaken Villages was also been discussed

| 3  | CWG partners are considering targeting households receiving WFP in-kind assistance with MPCA. How would that affect the transfer value?  
1) Attending partners were in agreement that in such cases, the implementing partner should have the freedom to rethink the transfer value based on the households’ needs – MPCA is flexible, and needs-based, and this shouldn’t be in the way | Gilbert | 10 |
| 4 | JPMI Updates | 1) 13 distinct partners have signed the MoU to date  
2) Price Monitoring Tool is finalized  
3) Next steps:  
   a. Market Selection Workshops at sub-national level, to include training on the data collection tool  
   b. First Data Collection cycle will tentatively start on November 20th, 2016 and run until November 24th  
   c. Interested partners can still join the initiative by completing the MoU and Partner Information Form ASAP  
4) WFP introduced and disseminated their Market Monitor Report for Iraq  
   a. Price Monitoring in all of the 18 governorates  
   b. Linkages between the JPMI and WFP to be more concrete to end up with a robust product | Jessa / Gilbert 10 |
| 5 | Implementation Updates | 1) Implementation progress in the first 2 weeks of October based on the 4Ws from partners  
2) CWG partners were informed that with the Mosul response, and in order for the cluster reporting to be less cumbersome, OCHA changed the frequency to monthly instead of fortnightly | Gilbert 10 |
| 6 | A.O.B. | 1) Mobile Money Transfers  
   a. Updates from the UNHCR pilot with Zain next CWG Meeting  
   b. Updates from the NRC pilot with Asia Cell next CWG Meeting
