Overview

The Shelter/NFI cluster identified 757,215 IDPs, returnees and displacement affected people that are still in need of Shelter/NFI support. For 2020, the cluster is diversifying its shelter responses by building upon positive coping mechanisms and resilience through community engagement and mainstreaming protection and accountability. In January, through 4 partners contingent to the level of damage and living conditions, a range of responses such as full and partial emergency shelter repair kits and distribution of full and partial ESNFI kits was provided to 6,786 HHs. Out of the Shelter/NFI responses in January, 25.5% of ESNFI was distributed as cash, 74.5% as mixed cash and in-kind assistance.
