Summary of the Discussion and Decisions:

Item	Summary of Discussion	Action Point(s)
1. Welcome and Introduction	Flora Macula, HoSo, UN Women Co-chair the GiHA meeting with Miira Rehema from UNHCR. They welcomed members to the meeting.	
2. Review of Previous Action Points	Key/relevant cash-based interventions documents in Cox's Bazar was shared to GiHA WG members.	Need to forward to Sydney Tupper as he was not received this document yet.
	Governance guideline developed by UNHCR site management team. After reviewing and all of feedback incorporated in the guideline the document was submitted to RRRC office. It is waiting for his approval/endorsement. The key purpose of the guideline is to replace of Manjhi system. Though this idea is postponed for some time due to security reason. The document is well reflected the gender parity concern. It will ensure the representation of women in the committees at camp level. However, a concern was raised on the readiness of women to hold this position in the committees. If women are not prepared to perform this responsibility, it may not have the desired outcome, thus a need for a programme on building leadership capacity of the Rohingya women to make them ready for being part of the committees.	UN Women to work with OXFAM, UNHCR and CARE for developing a strategy for the empowerment of Rohingya women. They would be sitting together to discuss details and find the next steps to move forward. A small group meeting will take place at UN Women office at 3:00 PM on Sunday, 7 th October 2018.

Item	Summary of Discussion	Action Point(s)
	<p>UN Women in collaboration with IOM is organizing a Women security awareness training . UN Women regional colleagues including regional security adviser to conduct this training. 1 day for UN colleagues and 1 day for other implementing agencies. This is solely for women participants.</p>	<p>UN women to share the training date when it is finalized.</p>
<p>3. 16 days of Activism</p>	<p>-There was a very good discussion held on the 16 days of activism as presented by flora in the meeting. The following ideas were generated by the different partners to observe 16 days campaign against VAW jointly. These are including:</p> <ul style="list-style-type: none"> - Issue based discussion meeting to organize at Camp level engaging of CiCs. The Rohingya women and girls to express their need in relation to protection and prevention of DV/GBV at home and public places. This would be a sharing session where Rohingya women will share their own experience and needs. -The women from both Rohingya and host community to gather somewhere close to Camp and sharing/exchange views on their GBV/DV experience jointly. They orange scarf could be distributed to the Rohingya women to mark this day and highlighting the issue of campaign provided by the organizer. This would be a great opportunity to expand social cohesion. It can be a colorful gathering with issue-based message developed by GiHA members. -Using social media/twitter/FB to disseminate the event information/story. IOM to share this through global platform. -work with good Imam to motivate them with positive messages against GBV to preach on Friday prayer to other men. -Develop 1 core message from GiHA to use on this day. This should be single message. -Colorful rally of Rohingya women by TOMTOM. Tomtom can be decorated with issue-based messages. -These ideas to share and coordinate with other WGs. Rehema to pass this information through GBV WG. GiHA to take lead on this 16 days of activism to observe and other can join to this activity. 	<p>The small working group will sit together to plan 16 days of activism with the ideas came out of the GiHA meeting. UN Women as co chair of GiHA to invite this meeting.</p> <p>-GiHA to ask everyone to share their own activity is planned for this campaign. Then put together for making an event calendar. It can be put together in a table form to listed down who is doing what and then shared with all members.</p>
