

Ethiopia: 2018 HDRP Funding Update (as of 18 July 2018)

\$1.658b
Required

\$629m
Confirmed
contributions

38%
funded

\$185m
Additional
pledges

HDRP requirements - \$million

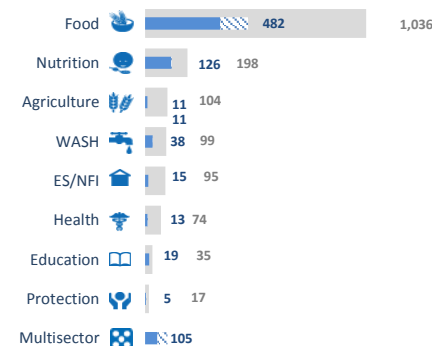

Official & expected contributions - \$million

Contributions by source - \$million

Requirements and funding per sector - \$million

Requirements and funding per pillar - \$million

Contributions and Pledges by donor - \$million

Remark:

- This funding update does not capture contributions to the recent Flash Appeal (<https://www.humanitarianresponse.info/en/operations/ethiopia/document/ethiopia-response-plan-internal-displacement-around-gedeo-snnpr-and>).
- FTS - <https://fts.unocha.org/appeals/660/summary> - has tracked \$287.2m of humanitarian contributions to date. The main differences with the in-country funds tracking are that FTS deducts confirmed Government and development contributions from the overall requirements, excludes Government contributions and includes refugee response contributions in the humanitarian funding, and only captures carry-over resources partially.
- For additional updates or any inquiries, please contact us at wosenyeleh@un.org and muhren@un.org
