

How to register for an ADS account

1. Go to <https://extranet.who.int/ads/adswebinterface/create.aspx>
2. Enter the email address you would like associated with your ADS account and press 'Continue.'
3. Enter personal information to be associated with the account, and choose a username and password.
4. Click 'Continue'
5. Click the confirmation link in the email sent to the email address used to verify your information.
6. On the opened page, enter your email address, username and password, and click 'Activate.'
7. Once the account is activated, email **Carolyn Briody** (briodyc@who.int) to inform her of your ADS username and associated email address. **In your email, please mention you are a partner for Somalia.** Carolyn will add you to the system.
8. You will receive a confirmation email inviting you to log on to the Surveillance System for Attacks on Health Care once you have been added.
9. To check that the account is working, go to <http://ssa.who.int> and press 'Log in' at the top right corner of the page. On the next page, select to sign in with an 'ADS Account'.
10. Enter your ADS username and password to enter the SSA.
