Main points from the discussion	Follow up action / Timeline
Introductions and Action points from last meeting	
<ul style="list-style-type: none"> • IOM Engagement with police and civil defence corps and strengthen their response and investigation of GBV cases within their personnel <p>One of the key GBV TWG is the security and Law enforcement closely linked to Access to Justice. Partners have been engaging the security actors on response to cases of GBV and accountability measures existing and strengthening of capacity.</p> <p>The Case Management TWG will help guide the quality of CM response. ToT supported by UNFPA held last year and a team from different agencies were trained and used to support other agencies without the internal GBV Case Management capacity</p> <p>Caring for Child Survivors is now a core component of GBV case workers and requires additional skills</p> <p>This is a collaboration between the GBV SS and the Child protection SS.</p>	<p>Assessment of Gaps and needs completed. Validation workshop to be held on Thursday.</p> <p>IOM and UNHCR to lead the security and Law enforcement TWG.</p> <p>UNHCR will accept referrals from partners who come across cases of GBV which needs access to justice.</p> <p>CMTWG developing a template to compile partners who require support of these CM trainers to aid</p>

The coordinator thanked the partners of being part of the success story of 2018 considering the high demands from the sub sector. Feedback from partners enables the Sub Sector to reflect the partners works properly in the joint reports.

coordination. Partners will be requested to send staff to be trained on CM.

All CM partners are required to be trained on Caring for child survivors.

Pool of trainers will commence training for caring for child survivors in February.

Update of the GBV Standard Operating Procedures (SOPs) is ongoing

Updates and plans from technical working groups

- GBV Integration and Risk Mitigation TWG goes beyond the GBV SS i.e other sectors are involved
- Clinical Management of Rape TWG: Group meeting could not hold towards the end of 2018 and the discussion will be initiated in the SRH meeting today where the CMR discussion will hold
- Field Coordination: Special thanks to Agencies taking the lead and enabling their staff in key locations. These staff were involved in the mapping of GBV services which facilitated the Referral Pathways. In some settings, they work jointly as the protection team and have additional discussions for GBV specific issues.

TWG meeting will hold subsequently

Update will be shared in subsequent meeting.

<ul style="list-style-type: none"> The IMO are currently harmonising Referral directory template <p>The discussion on harmonized messaging has not kicked off and there are requests for finalised messages. There is need to agree on a Focal Point to lead the GBV key messaging group</p>	<p>Compilation of mapping directory will be shared with partners for validation this month. Partners are advised to update the directory for their different locations.</p> <p>Deadline for submission of validated directories is end of month together with the 5ws.</p> <p>IRC, CSO, Neem Foundation, AID Initiative, IOM, INTERSOS all volunteered to be in the Work Group.</p> <p>INTERSOS and IRC will lead the Key messaging TWG.</p> <p>Presentation on key messaging to be done next meeting.</p> <p>Updates are expected by all TWG in every meeting.</p> <p>Case Management TWG has requested that partners share their respective tools for harmonisation of the guidelines in line with the Global guidelines but contextualised to NE.</p> <p>Email to be sent to Marian and copying Zara Mohammed.</p>
<p>GBV SS response plan to new arrivals</p>	
<p>Recent increase in population displacement because of dry season when the Nigerian military intensifies attacks on the NSAG, refugee returns from Cameroon. 11 LGAs have been affected in Borno while Adamawa and Yobe are also experiencing new arrivals. There are anticipated</p>	<p>Assessments done in Teachers village IDP camp,</p>

<p>population movement linked to the election process. ISWG has identified Protection, Shelter, NFI and WASH as priorities. Survivor sex on the increase, congestions and lack of privacy and menstrual hygiene not met. 87% of displacement are women and children.</p> <p>HCT has directed a 3month (Jan-April) response plan. The GBV SS must be able to have staff on ground providing specialised GBV services, ensuring the referral mechanisms are working etc.</p> <p>There is a plan for relocation from TVC to a new site at the Stadium in Maiduguri.</p>	<p>Ongoing protection assessments in Monguno amongst other hotspot locations.</p> <p>The GBV SS must be able to have staff on ground providing specialised GBV services, ensuring the referral mechanisms are working etc.</p> <p>There is need to standardise the items contained in the dignity kits given to beneficiaries.</p> <p>The list of items of the kits to be shared with partners for review and feedback, availability of stock and</p> <p>2 spaces secured for agencies with capacity to construct Women and Girls Friendly space/Integrated facility/Women centres.</p>
<p>2019 5W reporting/ AOB</p>	
<p>From lessons learnt last year, organisations have Focal Points who use the 5w reports for monthly submission</p> <p>Template has been revised to incorporate the incorporators for the 2019-2021 indicators.</p>	<p>IMO to conduct half day sessions to train organisation Focal points on the use of the 5w to be held on 25th of January.</p> <p>Email on venue and time to be shared with partners.</p>
