Districts: Zurabad, Jamoosabad, Lukerabad, Bateekh

	# buildings collapsed	Building damages	Health facilities	Death	Injured
Zurabad	1,300	700		30	300
Jamoosabad	2,100	1,000		40	500
Lukerabad	20,000	10,000	5	1500	5000
Bateekh	1000	500		60	150

Situation

- Search and rescue operation ongoing
- Landslides and damaged roads have caused serious difficulties in the deployment of a Red Crescent to Lukerabad
- Severe disruption in water supply.
- Acces to markets disrupted in most of the affected areas
- Large part of the population in Lukerabad residing outside their homes.
- Damages to Health and Education infrastructure.
- Urgent need for Shelter.
- Significant population movement started in last two days towards Somabad and urgent need for transport.
- Communication cut off in most district.

¹ Methodology: Direct observations / Participatory Focused Group Discussion(PFGD) / Key Informant Interviews (first responders, local authorities, school teachers)
