 - o Food security: 2 260 Tons of food
 - o CLIO: 4 staffs and 1 car in Port-au-Prince ready to be deployed to support rapid assessment.

General Coordination

The general coordination is being implemented by the DPC (Directorate of Civil Protection) with the support of all the national entities as well as the international community. The overall coordination of the response is under the authority of the Prime Minister in close liaison with the Office of the President. The Government has indicated being mobilizing its own capacity and assessing the need to request international assistance. The OCHA team in Port-au-Prince is working with the DPC and the whole humanitarian community to collect information and activate coordination mechanisms.

The DPC is planning an initial rapid assessment (EDAB) in the North-West department. OCHA is following with the Inter sector to identify and mobilize assessment capacities to support the DPC.

The DPC organizes a meeting at COUN at 10:30am to plan the deployment of initial rapid assessments teams and the continuity of rescue and search teams. The MINUJUSTH is coordinating with the HC to organize aerial flyover tomorrow.

The Humanitarian Coordinator a.i. convoked an ad hoc HCT meeting at 11:00am at OCHA to coordinate the support to DPC.
