# PEP Kits Assessment Report

# Background

- GBV activities reporting is very low to 4 W matrix
- Some districts and facilities reporting high number of CMR services given
- Cluster partners reported pep kit stock outs during the meetings

# Assessment

- Health cluster sent to partners an assessment sheet to report the services provision and the PEP kit availability

Name Organization	National/Internation NGO	State	No. of the health facility Supported	Donor supporting	CMR Service availbale	PEP Kit availability in the health facility	Source of PEP Kit if available	Comment
-------------------	--------------------------	-------	--------------------------------------	------------------	-----------------------	---	--------------------------------	---------

## Assessment findings

- Only 13 partners responded
- From 156 facilities supported by partners only 52 reported the provision of CMR services
- 10 facilities have sufficient PEP kits

Partners Reported	Facilities Supported	CMR service provision	Facilities with PEP Kits
13	156	52	10

## Partners responded

- International Medical Corps
- Concern Worldwide
- CARE INTERNATIONAL
- Alight
- Save the Children International
- SOS Children's Villages
- MEDAIR
- NODO
- Salama Medical Agency (SAMA)
- WASDA
- Human Development Concern-HDC
- Map actiondevelopment organization
- HIRDO

## Feedback/Action

- Health cluster team immediately reported to the GBV AoR about the sever stock outs that facilities are facing
- UNFPA will distribute soon the PEP kits as they were facing stockouts
- Need for further training on CMR , PEP Kits for both health managers and facilities health providers
- To strength the capacity of the partners in reporting CMR service provision routinely
