

In September, fighting and insecurity continued to force civilians out of their homes, particularly in Unity and Upper Nile. Many of those had been displaced several times in recent months. In Unity, fighting and insecurity in Koch, Mayendit, and Rubkona counties forced the relocation of aid workers, suspension of food distribution and medical evacuation of civilians. In Upper Nile, fighting in and around Aburoc, on the western bank of the River Nile, reportedly led to civilian deaths, displacement and forced the temporary relocation of aid workers. In Jonglei, fighting between armed groups broke out in Waat, Nyirol County. In Northern Bahr el Ghazal, an inter-agency team reported that about 42,700 IDPs were sheltering in Aweil South County after fleeing inter-communal fighting in Gogrial West County in the past months. The number of South Sudanese fleeing as refugees to neighboring countries continued to grow.

FUNDING STATUS 2017

*The number of internally displaced persons (IDPs) is updated with the latest figures and estimates available. The number of people displaced each month does not necessarily result in a rise in the overall number of IDPs as many people are "re-displaced" and had already been counted as IDPs. | **The number of South Sudanese refugees is as of 19 September 2017. | ***HRP Mid-year review July 2017. | ****As recorded in the Financial Tracking System (FTS) as of 30 Sep 2017. Further pledges have been announced but not yet tracked. | IDP: Internally Displaced People. PoC: Protection of Civilians
