As of 31 March 2022

Number of trucks per crossing point by month since July 2014

- Bab Al-Hawa: 44,763 since Jul 2014
- Bab Al-Salam: 5,268 since Jul 2014
- Al-Ramtha: 4,595 since Jul 2014
- Al Yarubiyah: 109 since Apr 2018

Number of consignments in March 2022
- 8 Consignments

Number of targeted sectors by district in March 2022

UN Security Council Resolutions 2165/2191/2258/2332/2393/2449/2504/2533/2585

Through the adoption of resolution 2165 (2014), and its subsequent renewals 2191 (2014), 2258 (2015), 2332 (2016), 2393 (2017), 2449 (2018), 2504 (2020), 2533 (2020) and 2585 (2021) until 10 July 2022, the UN Security Council has authorized UN agencies and their partners to use routes across conflict lines and the border crossings at Bab Al-Salam, Bab Al-Hawa, Al-Ramtha and Al Yarubiyah, to deliver humanitarian assistance, including medical and surgical supplies, to people in need in Syria. Since 10 July 2020, by resolution 2533, Bab Al-Hawa is the only crossing open at this point in time. The Government of Syria is notified in advance of each shipment and a UN monitoring mechanism was established to oversee loading in neighboring countries, including to confirm the humanitarian nature of consignments.

Number of consignments reported deliveries in March 2022
- 1,439

Number of agencies for overall progress in health service delivery in covered areas.
- ** Includes 2.15 million children for polio vaccination in 2015, and excludes vaccination from 2016 to 2020. Given the challenges the sector faces in measuring individual beneficiaries, the indicator for the number of medical procedures is used as an aggregate indicator that serves as a proxy measure for overall progress in health service delivery in covered areas.

* This figure represents the maximum beneficiaries reached over the year as shared by WFP, in which may differ from the monthly targeted beneficiaries.

** Authorization for use of Al Yarubiyah and Al-Ramtha was removed in resolution 2533 and Bab Al-Salam was removed in resolution 2504.
Number of beneficiaries targeted by sector since July 2014*

*An undetermined percentage of the beneficiaries may have received multiple interventions in a sector.

**This figure represents the maximum beneficiaries reached over the year as shared by WFP, in which may differ from the monthly targeted beneficiaries.

***819,618 children under five years were vaccinated in three rounds of polio campaigns in 2018. 72,891 children under one year of age reached with routine vaccination (DTP3 containing vaccine). In addition, 541,261 children aged 6-59 months and 1.1m children aged 5-15 years received the measles vaccines. In 2017, 1.02 million children under five vaccinated through polio campaigns. 54,618 children under one aged received the DTP3 containing vaccine. In 2016, 1.38 million children vaccinated in polio campaigns in Aleppo, Al-Hasakeh, Ar-Raqq, Deir-ez-Zor, Hama, Homs, Idleb and Lattakia.

UN cross-border response

Humanitarian supplies covering various sectors are delivered by UNHCR, UNICEF, UNFPA, WFP, WHO, FAO and IOM. The beneficiary numbers represent people reached by relief items and supplies transported in trucks using border crossing from Turkey as authorized by the resolution 2585 (formerly 2165 in 2014 and 2449 in 2018 and 2504 in 2020 and 2533 in 2020).

UN agencies, in addition to supplies, also implement programmes to ensure that people receive basic services such as education, health, nutrition, protection, water and sanitation etc. The first UN shipment from Turkey started on 24 July 2014.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the United Nations.
