Medical procedures include sum of outpatient consultations, trauma consultations, mental health consultations, physical rehabilitation sessions, vaginal deliveries, C-sections, and referral cases.

Treatment courses include medicines, dressings and other supplies delivered directly to health facilities by UN humanitarian actors.

Number of Treatment Courses
- 1 - 10,000
- 10,001 - 50,000
- 50,001 - 100,000
- 100,001 - 330,000
- 1.1 M

Treatment courses delivered during August 2021, per sub-district

Number of Medical Procedures
- 1 - 10,000
- 10,001 - 50,000
- 50,001 - 100,000
- 100,001 - 180,000
- 2.3 M

Medical procedures provided during August 2021, per sub-district

Cumulative Reach and PIN by Severity Level

Notes:
1. Unless otherwise noted, all data is sourced from Whole of Syria 4Ws database, and mid-year 2021 Severity scale and represents the response during August 2021.
2. Differences in health sector response modalities account for variations in data and overall reach. Turkey cross-border response and NGO response in Northeast Syria work through direct service provision and running of health facilities by health partners while programming delivered from Government of Syria-controlled areas works through both direct service provision and a complementarity approach to support the existing public health system operated by Ministry of Health and Ministry of Higher Education.
3. The health sector uses XB refer to the Syria Cross-Border Humanitarian Liaison Group (HLG) Coordinated and NES NGO Forum Coordinated Responses and SYR to refer to Syria Humanitarian Country Team (HCT) Coordinated Response.
<p>Medical Procedures by Response Modality</p>

**2.04M**
Outpatient consultations supported<br>(Out of 1.45M supported in 2021)
- Under 18: 52%, Male: 0.92M, Female: 0.89M<br>- 18 and Above: 48%, Male: 1.12M, Female: 1.15M

**129.0K**
Trauma consultations supported<br>(Out of 624K supported in 2021)
- Under 18: 51%, Male: 66.5k, Female: 51.0k<br>- 18 and Above: 49%, Male: 62.5k, Female: 33.2k

**49.9K**
Mental health consultations supported<br>(Out of 255K supported in 2021)
- Under 18: 52%, Male: 11.8k, Female: 16.7k<br>- 18 and Above: 48%, Male: 38.1k, Female: 33.2k

**25.3K**
Physical rehabilitation sessions supported<br>(Out of 145K supported in 2021)
- Under 18: 78%, Male: 10.2k, Female: 15.1k<br>- 18 and Above: 22%, Male: 15.1k, Female: 10.2k
